**STATEMENT OF SUBSTANCE OF INTERVIEW**

Applicant's representatives would like to thank Examiner Moore for extending them the courtesy of an in-person interview on November 10, 2006 to discuss this case. The following recordation of the substance of the interview is believed to be complete and proper, in accordance with MPEP 713.04. It is requested that the Examiner notify the undersigned if the Examiner believes this Statement contains any inaccuracies or if the Examiner believes this Statement is otherwise not complete and proper.

Interview participants: (1) Examiner Karla Moore, (2) Applicant's attorney, Kara Fairbairn, and (3) Applicant's attorney, Natalie Kadievitch.

The following was discussed: Krisko (WO 00/37377) and Yasar (U.S. Patent. No. 5,958,134).

Claim 1 was discussed during the interview.

No agreement was reached during the interview.

Counsel discussed amending independent claim 1 to specify that the sheet-like substrate is a glass substrate.

The general thrust of the arguments made during the interview was that Yasar relates to razor blade processing whereas Applicant's proposed amended claim 1 relates to glass sheet processing. Applicant pointed out that Yasar processes its razor blades in an entirely different manner than Applicant processes its glass sheets under claim 1.

No exhibit was shown, and no demonstration was conducted, during the interview.

No other pertinent matters were discussed during the interview.

Respectfully submitted,

Kara K. Fairbairn
